

REPORT ON THE CLASS ASSEMBLY OF X – D DURING THE ACADEMIC YEAR 2024 -25

Class Teacher: Ms. Anitha Kingslin

Date: 30.07.2024 (Tuesday)

Timing: 8.30 a.m. to 9.00 a.m.

Class Strength: 37

Topic: "How School Prepares Students to Face Challenges in the Competitive World"

The assembly program commenced with the Gayatri Mantra invoking the blessings of the Almighty and followed by the D.A.V. Gaan. The Tech Team of X-D extended an energetic welcome by coordinating an impressive drone show to acknowledge and appreciate the presence of our beloved Principal, Mrs. Sujatha M, , and Supervisory Head, Mrs. Uma .S, along with the teachers, parents, and all students.

The assembly program revolved around the theme of "Game Theory." It demonstrated how the school prepares students to face challenges in the competitive world through three main skills that were incorporated into the programmes:

- Resilience and Firmness
- Practice, Unity, and Motivation
- Compassion.

The assembly began with characters 'MatPat' and 'Amy', who enlightened the audience about game theory and its relevance to the assembly's theme.

The first program was a skit-themed on "**The Hunger Games**," highlighting the skills of resilience and firmness. 'Eight Tributes', including two DAV students, participated in various intramural competitions such as oratorical, art attack, and sports competitions. As the rounds advanced, two Tributes were eliminated until the two DAV students emerged victorious. The contestants explained how the school helped them develop their resilience and firmness skills. This segment was followed by the achievers of X-D showcasing their honors and awards in various fields.

The second program, "**Channel Surfing**" depicted different channels focusing on various skills:

- **Motivation Channel:** Portrayed an animation show.
- **WWE Match Channel:** Focused on the importance of practice.
- **AAB News Channel:** Emphasized on General Awareness.
- **Unity Channel:** Demonstrated how unity leads to Victory through a Kabaddi match.

The final program was a "**Dance Battle**" centered around the skill of compassion. The audience was given the opportunity to vote for the best team. The winning team consoled the losing team and shared the prize with them, demonstrating the value of compassion that the school instills in its students.

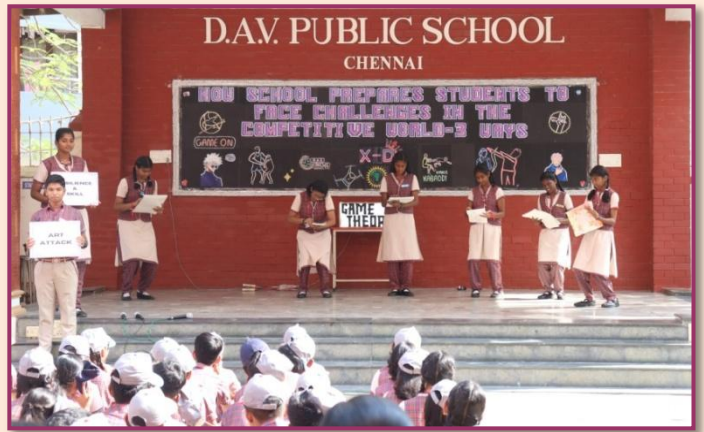

Invitation Concept: The assembly invitation, ingeniously designed as a box, unfolded to reveal an LCD set-up adorned with depictions of game theory. This captivating concept provided a glimpse of the assembly's theme.

The assembly received accolades from various quarters. The Principal, Mrs. Sujatha .M, praised the effective time management and the unique format of the assembly, while parents also expressed their appreciation and encouragement for the students' efforts.

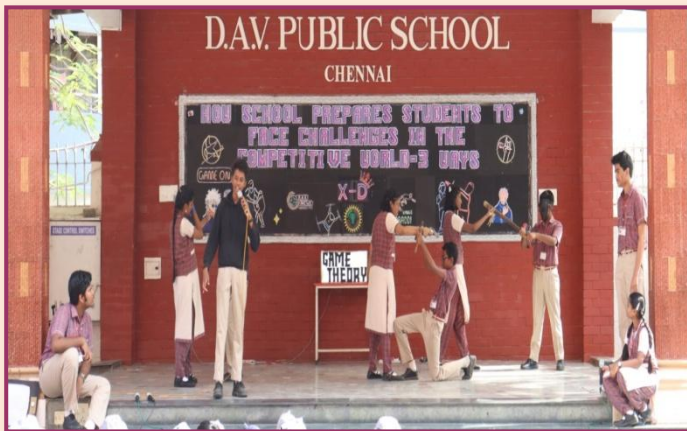

The assembly successfully demonstrated how our school prepares students to face challenges in the competitive world through the engaging programmes.

Welcome – Drone Show

The Hunger Games - Resilience and Firmness

Channel Surfing – Seeking Inspiration

Dance Battle – Showcasing Compassion
