

D.A.V PUBLIC SCHOOLSHRESHTHA VIAHR
SUMMER HOLIDAY HOMEWORK
CLASS-1

Dear Parent

Kids look forward to the summer vacation all year long . They look forward to having loads of fun and family time . With summer vacation right around the corner , its time to generate certain ideas to help children have a memorable vacation.

Growing your Child's talent.

Help your children learn a sport or join talent class this summer . While learning new sport / skill , children stay active and attentive.

Creating a family bond

Along with varied activities , kids enjoy meeting people. Summer vacation is the best time to visit other members of the family. Kids really love the presence of Grandparents , Aunts and Uncles in their lives. It ensures stronger family ties as well . Create magic with saying the magic words....PLEASE, SORRY, THANK YOU, EXCUSE ME appropriately.

Inculcating Reading Skills

Get your children exposed to the fascinating world of fictitious characters through interesting story books. However, throw in some non fiction reading as an added advantage. Books are our best friends so read and enjoy the following stories.

- A. Hansel and Gretel
- B. Cinderella
- C. Snow White and the Seven Dwarfs
- D. The Elves and the Shoemaker
- E. Little Red Riding Hood
- F. Panchtantra
- G. Akbar and Birbal or any other interesting story.
- H. चटपटी बाल कहानियाँ
- I. दादी की कहानियाँ:
- J. परियों की कहानियाँ
- K. जंगल बुक

Learn any one English and Hindi story for narration.

Note: Do English and Hindi handwriting practice and make it better.

Fun With Maths

Q1. In your Maths notebook complete the information about yourself using numbers only.

1. Letters in my name _____
2. My birthday date _____
3. My age _____
4. My height _____
5. Number of teeth _____
6. My house number _____

7. Family Members _____

8. My father's phone number _____

9. My mother's phone number _____

Q2. Without numbers, No fun in Maths. Learn this poem and enjoy it.

Around and around and around we go, when we get home we have a zero

Number 1 is like a stick, a straight line that is very quick

Number 2 goes backward along, Oh! Please make sure you don't go wrong

Two little curls for number 3, One for you and one for me

Down and over-Down and more, That's the way to make a 4

Number 5 is a funny champ, down fat tummy and give him a hat

Make a curve then make a loop, There is no trick to make a 6

Across the sky and down from heaven, that's the way to make a 7

Make a 'S' and do not wait, go back up and that's an 8

Number 9 is like a ball on stick, start with 'C' then go up and down quick

Number 10, that's a lot of fun, Write 1 and a nought and all done

Q-3 Here is a short story of two mathematical concept. Learn this interesting story and narrate to your friend

Inside a crystal ball, lived two concepts that didn't get along very well. They were called Addition and Subtraction. Addition had a positive mind and was always counting numbers from zero, number one, number two, number three..... and Subtraction always asked him "What are you doing?" and Addition would answer, "I am counting the numbers from zero. Subtraction didn't understand any thing. He thought that the Addition was crazy because for subtraction every thing was sad because he had to count back from 10, 9, 8, 7, 6 and Addition asked him, "What are you doing?" Subtraction replied, "I am

subtracting the numbers from 10. Addition thought that subtraction was crazy. But one day, a boy at school took the crystal ball and looked at them inside. He saw that they were counting separately, So the boy said, “You both complement each other because adding numbers is the opposite of subtracting them, that’s why you do not understand each other, but actually you both are incredible in Maths. Addition and Subtraction understood what the child was saying and respected each other forever.

Explore Your Environment

Q1. Read Animal Stories and Watch the channel ‘Animal Planet’ on TV and note down the names of five new animals you saw on the channel. Write their names, food and the names of their young ones. (EVS Notebook)

Q2. Draw a fruit basket containing fruits that you ate in the summer break.-
Colour the fruits as well. (EVS notebook)

Involving In Household Chores

Assign your children a few tasks which they can easily accomplish like filling water bottles, keeping them in the refrigerator, watering the plants, cleaning dishes, folding washed clothes etc. This is how you can get your young ones to get in the habit of helping out around the house. You will set a pattern that will benefit them when they-

grow up. Splash in water: Have fun while washing your own handkerchiefs, under-pants and socks.

Note- The first round of the G.K Quiz will be held on 5.8.2019 .

Download quiz bank from the school website www.davsreshtha.com

A happy and healthy family time is the best way of imparting the much needed life skills to our children. We all wish to see them grow up as responsible and caring individuals who understands the value of time.

ENJOY WITH YOUR FAMILY AND HAVE A WONDERFUL TIME TOGETHER
