"Together may we give our children the roots to grow and the wings to fly"

*Dear Parents,
Greetings from Sarla Chopra DAV Public School, Noida. We welcome you all to the academic session 2022-2023. Every new academic year holds new challenges, new avenues to explore and new opportunities to learn. Childhood is not a race to see how quickly a child can read, write and count. Childhood is a small window of time to learn and develop at the pace which is right for each individual child.*

*"Coming together is a beginning, keeping together is progress, and working together is success" .
Education is not about learning of facts but also learning of skills important to succeed in life. This process demands for the collaborative efforts of the teachers and the parents which helps the students evolve from a nervous tiny tot into a confident student. School provides them with the platform to explore and learn new things while home provides them the necessary practice to hone the skills they have learnt at school. So let's work together with full energy and passion for our children to achieve their dreams and goals and make this session a big success.*

The purpose of this communication is to apprise you of some essential information as given below:-
