

DARBARI LAL D.A.V. MODEL SCHOOL, ND BLOCK, PITAMPURA, DELHI

Ref. No. : DLDAVMS/2021-2022/PPS-15

Dated : 3.2.2022

Dear Parents,

Class Nursery (Session 2022-23)

It gives me immense pleasure to welcome you to the DAV fraternity. DAV is an organization which runs the largest number of educational institutions across the globe and amalgams value based education with technology thereby spawning leaders of the future.

The sight of children in uniforms with bags on their shoulders and trooping into the school, has been a rare sight over the last couple of years. However, with restrictions slowly easing out and things limping back to normalcy, we too are looking forward at reopening our gates and welcoming back our students once again.

The Covid catastrophe did not deter the school from organizing activities or events as per the academic calendar of the year. The school celebrated Abhyuday, the Annual Prize Distribution Ceremony on 31 January 2022 on a virtual platform. The guests on the occasion were Dr. Nisha Peshin, Director, PS and Academics. DAVCMC and Dr. N.K. Uberoi, Vice President, DAVCMC and the Vice Chairman of the school. The highlight of the event was the presentation of ballets on two powerful characters Julius Caesar and Chanakya. Prizes were given away to meritorious students. The credit for the success of the programme goes to the indefeatable spirit of the children and your support and cooperation which you have extended promptly at all times.

In its glorious journey of 41 years the school has churned innumerable success stories. The strong alumni comprises of well established and leading professionals who have carved a niche for themselves. Resources facilities and collaborative learning systems, be it smart classrooms, Dr. Abdul Kalam Science Park. Language Lab, ATAL Tinkering Lab, a spacious auditorium, lawn tennis court, skating rink etc. have made the school proactive and put into use new innovative learning skills. It has an enviable infrastructure, a faculty par excellence and innumerable feathers in the school's cap including excellent CBSE 100% results and placements.

The junior wing of Darbari Lal DAV Model School, Pitampura, is a wonderland of learning that initiates children into the first step of knowledge. It instills and sustains in them curiosity and passion to have quest of learning and zeal for life always. It aims to nurture and support the child's intrinsic interests in an international scenario. The school boasts of a happy, harmonious and healthy environment for the child to grow and develop. Founded on the DAV philosophy i.e. Dayanand Anglo Vedic, the school, judiciously blends the scientific temperament of knowledge with the best of Indian tradition. It focuses on experiential learning, emphasizes on innovative pedagogy, develops interpersonal skills, advocates creative freedom, provides hands-on-experience leading to provision of an enriching experience. In its quest to foster all round personality of a child, the school undertakes various endeavors and activities and has ventured a number of initiatives. The aim is to develop an integrated life, strengthen character and inculcate sensitivity towards society. A gamut of co-curricular activities along with celebration of festivals, significant days, kids carnival, chrysalis and special assemblies has been sprinkled across the session in order to hone students' skills and tap their innate potential.

NEW NORMAL

Our school stands tall for successfully integrating a holistic system where the nitty-gritty of formal education has been intricately woven with moral, spiritual and social education.

The current situation has imposed what is potentially one of the greatest threats - a gigantic educational crisis. We feel proud to note that our school has stepped into the breach and played a stellar role in meeting this formidable challenge. It has responded positively to the unprecedented challenge and used technology to spur changes, switched to remote learning & open educational applications immediately limiting the disruption of education and also risen to the challenge of executing and participating in innovative programmes.

The school is future ready. Right from its inception to now, the institution has marched forward to spread the light of education and paved the path of holistic education of every student. The key focus areas continue to remain - creating opportunities, challenging minds, encouraging innovation and sustaining excitement.

VIRTUAL LITERACY

During this period, education changed dramatically, with the distinctive rise of E-learning, whereby teaching is undertaken remotely and on digital platforms. We incorporated the use of apps such as Live worksheets, Wheel of names, Flipgrid, Quizizz, Kahoot, Jamboard and many more google apps. Initially, majority of the parents averted to attending of online classes for their children. They were apprehensive about the grasp of concepts by the children. But very soon they were able to again kindle their trust in us again, when they noticed a remarkable positive change in them. The students were made competent enough to use the educational apps independently.

All the classes (Sessions 2020-21 & 2021-2022) were **divided into two separate batches** in order to provide individual attention to the children, which was highly appreciated by the parents.

The **EEDP Early Education Development** Programme, playway and activity approach have been adopted with the goal of providing a stimulating play environment leading to the holistic development of the child. It is through play that a child learns responsibility, creativity and problem solving skills. It allows flexibility of renewal and upgradation and has been designed in keeping with the learner's needs in mind. It helps the child discover himself and his environment through exploration and discovery.

In order to make learning effective and enduring, it must be engaging and enjoyable. Given the right environment and impetus, the children blossom intellectually and holistically.

SCHOOL CORRESPONDENCE
